News Release

A new place to 'Work Out' at Byron Court

Innovative Play and Sports equipment manufacturer Record RSS recently installed items from their Outdoor Fitness Range at Byron Court, Brotton, Saltburn-by-the-Sea, Cleveland. Items included the Ski Stepper, Handle Boat, Push Hands and the Pull Up Challenger. Young and old have since been queuing up to try out the sleek black and silver units which are based on popular gym apparatus.

The Record RSS Outdoor Fitness Range has been designed to be permanently installed outdoors and to be free for all people to use, helping to encourage fitness and healthy living in today's busy environment. The range consists of 10 individual stations all of which are intended to provide exercise for individual muscle groups. With a range in a park, a college, or even a jogging track, it is now easy for people to stop on their way home from work to exercise!

Record RSS Sales Manager Eleanor Smith commented: "Increasing activity for all people, regardless of age, has to be encouraged if we are to raise our levels of fitness and enjoy the benefits it ultimately brings. The Outdoor Fitness Range helps support the need for cross generational fitness provision within our parks and public spaces. It makes training and informal workouts accessible to all."
